EMAILS + REFUNDS + ART

Posted 1 year, 11 months ago () by ★ maws

Sorry for the bit of silence ive been hunkering down to bust out some pretty big ref sheet comms and its a lil easier to get distracted on here than i thought!! (thats on me though) Ive figured the best course of action is return on sept 10th!! A larger portion of my work should be done by then (if not all of it!) If you are waiting on a refund i had a med bill on autopay on accident and it completely wiped my funds i had set aside for both refunds (and other bills) so theres the cause for delay on that!! ill be updating this post soon with a link to a trello where ill be uploading all the finished art im getting done (watermarked for yalls protection) and if u'd like it to be uploaded and linked here comment the link to your ocs toyhouse + the link to the image on trello and my lil helper bugs will get them uploaded here!

Rn im aiming for at least two comms + an adopt a day and thats a pretty manageable average! the money from the adopts will be going towards refunds!!

If youre still looking for a refund let me know at mawscore.biz@gmail.com !!

Again im super sorry for the bit of silence on my end i didnt expect to be smacked with a hard 1.5k payment taken out but ill manage!!

but ill manage!!

thank u for readin!
